EXPERIENCE

BUSINESS ANALYST AND FULL-STACK DEVELOPER

Southern Convergence Technologies Corp.

Jan 2022- Present

- Business Analyst
- **Lead Programmer** for **Learning and Development Information System (LDIS)**, DepEd NCR Regional Office
    - The Learning and Development Information System or LDIS, is comprehensive system which captures relevant information from program proponents across Functional Divisions, Unit, and Sections in the Region. This serves as a mechanism that ensures an effective and strategic training data management, verification and authentication of certificates. LDIS systematizes the database of the Regional Initiated L & D programs and serves as repository of L and D data for both teaching, non-teaching, and teaching-related personnel.
- **Lead Programmer** for **Recruitment, Selection, and Appointment System (RSA)**, DepEd NCR Regional Office
    - RSA is an online platform that automates a systematic and competency-based process for recruitment, selection, and appointment of personnel. The system is guided by merit, fitness, competence, equal opportunity, transparency, and accountability pursuant to the DepEd Merit Selection Plan. The system covers generation of publication for posting of vacancies to appointment of personnel.
